Dear Ferdie, Eve, & family. -

Received your most interesting letter  
~~today~~ yesterday here at Du. as Oz, Ru. Esther & Wayne  
came up & brought our mail along  
They stayed here with ~~me~~<sup>us</sup> at the lake at Dad's  
cabin. Dadie was busy at Clar's taking  
down that baby house & Clar got lots of nice  
lumber he can use for building that  
garage he's planning. Dadie would have  
a whole years job if he would want to bother  
of taking down those buildings as barn, shed,  
& chicken house. He came out here Wed. P.M.  
He came to Du. Sun. 17th. went thru Motley  
& were at Mass there at 8 o'clock & had breakfast  
with Dr. & Mrs. Britz. He intend to drive home  
next wk. Ru. also brought up all these invitation  
cards so I wrote addresses today. & want to mail

them out when we get to town<sup>4</sup>. Out here there is  
no mail, service, no telephone, just live it,  
& rough it thru, but its beautiful. Dadie was  
out fishing twice today, Kim & Dol went early  
this morn. & again he went during the day & got  
a snake pickeral each time, 3<sup>rd</sup> lb's a piece.

After Jean ~~at~~ came home from Rochester 19th July  
Dol brought the baby into town. as they sure were  
anxious to see him & Jean would like to care for him  
as much as possible, as long as she's able to, which we  
expect won't be to long. She just lives on pain pills now  
& is very thin. But the Welfare lady takes good  
care of the kids & house - hold. Your letter was most  
interesting & newsy, was glad to know all is well &  
everything goes so fine. Otherwise all is O.K. & fare  
with us & all. Greetings. God Bless You.

Always Your

Mom & Dad Joe Ma & Herb
